

MICROSEGUR

**MICROSEGUR, S.L.** is a leading company in Advanced Security Systems Engineering, experts in the protection of complex environments, and specialist in engineering, installation and maintenance of perimeter, industrial and commercial security systems.

**MICROSEGUR, S.L.** runs under a clear policy of quality of service, based on high standards in its team, whom assign to each project the talent and the wider sectoral and functional experience, accumulated for nearly three decades.

In the **Quality Policy** of **MICROSEGUR, S.L.**, our main goal is to promote the **maximum control and the monitoring of all processes in order to achieve a high quality service.**

This policy includes a commitment to comply with the objectives of quality and with the permanent improving of the effectiveness of the management system.

The Management of the company believes and declares the following general objectives:

- ✓ Strive to achieve full satisfaction of the expectations and needs of the customers through the strict compliance whilst adhering to the customer's requirements.
- ✓ Position **MICROSEGUR, S.L.** in the market through a system of permanent improvement.
- ✓ Implementation of the legal rules and standards applicable to the activities of the company and other obligations assumed by the organisation.
- ✓ Boost training, sensitization and motivation of our staff in matters related to the quality of the service provided.

To achieve these objectives, it is the policy of the Management of the company to lead and promote the implementation of the following actions:

- ✓ Establish and maintain an efficient and effective system based on the requirements of the standard UNE-EN-ISO 9001:2015.

To ensure that this quality policy is understood at all levels of the Organization, the Management puts it at the disposal of all interested parties.
